PRODUCT DESCRIPTION

Hanging loft lamp from the Waya series, with a single light point and a maximum power of 60W. A decorative chandelier in white and gold, perfect for places where we care about a simple and neat interior design. A wire lampshade will perfectly emphasize the advantages of a spacious living room, as well as bring out selected elements of the decor from the shadows. Thanks to the simple and elegant design, it fits beautifully in modern interiors, we recommend it especially for fashionable arrangements designed in Scandinavian style. Thanks to golden accents, it will discreetly emphasize the character of the room and provide the right level of light.

WAYA lamps do not require any assembly of their individual elements - they are ready to hang. But you will need to arrange yourself some appropriate bulbs and mounting pins. Due to the large selection of variants, WAYA metal loft lamps are a convenient solution in rooms and apartments where we want to install several different light sources. You can easily assemble such a set made of hanging lamps, wall lamps and different configurations of individual lamps that will suit the chosen lighting concept. You can also easily adjust the height of the suspension of specific lamps, which makes WAYA ideal for lighting a table or countertop. Subtle design, intuitive and easy assembly, solid construction and good quality materials enable long use, easy cleaning and convenient replacement of bulbs. The set includes: Manual user instructions Connection block Complete lamp (you only install the cover) - bulbs are not part of the set. The set also does not include mounting pins - they must be selected individually, depending on the requirements of a particular ceiling.
