### PRODUCT DESCRIPTION

The Solo luminaire series is a collection of pendant light fittings created for lovers of simple forms, minimalist arrangements and geometric shapes. Each light consists of metal rods to which interchangeable light sources must be attached. The lamps have been designed for use with E27 type bulbs, with a maximum wattage of 60 watts. Bulbs are not supplied, which means that they must be purchased separately.

The Solo series stands out from other lamps due to its lack of covers and lampshades. This makes the lamp a

great match for decorative filament bulbs, which can emit a warm light and decorate the room on their own.

The SOLO 6P pendant light is a model that consists of a round rosette and three crossbars with two fixtures on each - a total of 6 light sources. The entire lamp is finished in gold. This makes the light look very elegant and modern. The rawness of the form makes the series a perfect match for both loft interiors with an industrial style and those maintained in a Scandinavian style.

The luminaire is easy to assemble on its own. To get the best effect, consider creating your own set of lamps. The Solo collection includes luminaires in three colours: gold, chrome and black.

## TECHNICAL DATA

### General information:

Nominal voltage [V]:	230
Lamp type:	Żarówka
Suitable for lamp power [W]:	6x60
Lamp holder:	E27
Suitable for number of lamps:	6
With light source:	nie
Max. power [W]:	6x60
Degree of protection (IP):	IP20
Suitable for suspended mounting:	tak
Suitable for ceiling mounting:	tak
Suitable for surface mounting:	tak
Material housing:	Metal
Colour housing:	Złoto
Surface protection housing:	Malowanie proszkowe
Width [mm]:	600
Height/depth [mm]:	270
Length [mm]:	600
