PRODUCT DESCRIPTION

The IKARIA lamp series includes three pendant lamps combining elegance, modern design and top-quality finishes. They were design to make every interior unique in character and style.

The IKARIA series has carefully crafted metal elements making them solid and durable. Each luminaire is equipped with E27 base to install a bulb of max. 60W. This is sufficient to ensure enough light to create an exceptional atmosphere.

There are two lampshade's options: transparent and milky, and metal elements may be in the colour of brass or may be coated with chrome. The lamp is embellished with a crystal placed above the lampshade; the crystal being an additional decorative element.

The presented IKARIA 1P lamp has a transparent glass lampshade, which allows to expose the beauty of the bulb (e.g., a filament bulb) and to create a unique lighting effect. The light is bright and clear – it perfectly illuminates space. The lamp looks perfectly over a table or in the kitchen. It also fulfils its role as decorative element. The metal finish in the colour of brass makes it look rustic.

TECHNICAL DATA

General information:

Nominal voltage [V]:	230
Lamp type:	Żarówka
Suitable for lamp power [W]:	60
Lamp holder:	E27
Suitable for number of lamps:	1
With light source:	nie
Degree of protection (IP):	IP20
Protection class:	I
Suitable for suspended mounting:	tak
Suitable for ceiling mounting:	tak
Suitable for surface mounting:	tak
Material housing:	Metal
Colour housing:	Mosiądz
Material cover:	Szkló przezroczyste
Height/depth [mm]:	800
Outer diameter [mm]:	290
Voltage type:	AC
