## PRODUCT DESCRIPTION

A set of angled silver aluminum profiles for LED strips.

Each of the profiles is used not only for room decoration but mainly for the protection of a led strip.

The profile fully manufactured from aluminum thanks to which heat is dissipated more effectively and the led strip does not overheat.

The profile may be installed, for example, under a kitchen cabinet or on the wall in order to illuminate furniture or a mirror. It will perfectly work at home or/and in an office.

The set contains 50 pieces of angled profiles measuring 2000 x 15.8 x 15.8 mm.

Available also in black.

## TECHNICAL DATA
