PRODUCT DESCRIPTION

The STATIX portable floodlight, with a high IP65 rating, is designed to illuminate the work carried outdoors, at home, in the garage, basement, car, camping, etc. It is equipped with energy-saving LEDs that emit cold light. Compared to most floodlights, STATIX has a higher colour rendering index so that when working indoors we can see the colours of the illuminated surface better. It does not flicker and its light has no harmful effects on our eyesight. The device has a sturdy carrying handle, a practical rotating, unscrewable stand with 360° horizontal and vertical (up and down) adjustment. Power supply – 2,5m cable with plug.

TECHNICAL DATA

General information:

Durability L70/B50:	30000 h
Connection type:	The cable is terminated with a plug
Luminous flux:	2400 lm
Rated power:	30 W
Light source:	LED
Degree of protection (IP):	65
Colour temperature:	6000K
Beam angle:	120 °
Colour:	black/yellow
Colour rendering index CRI:	>80
Material housing:	Aluminum
Type of cable:	H05RN F3G
Protection class against electric shock:	I
Wire length:	2.5 m
