### PRODUCT DESCRIPTION

The PORTAX work floodlight on a tripod is a reliable support for a variety of tasks. It is designed to illuminate work both outdoors, such as on a campsite, and indoors, in the home, basement or workshop.

Equipped with energy-saving LEDs (30W) with a luminous flux of 2400lm, emitting light with a neutral, pleasant colour of 4000K. The floodlight guarantees effective illumination, regardless of the ambient conditions.

The high IP65 protection level makes the floodlight resistant to dust and splashes. It will prove its worth even in the harshest weather conditions. The housing is made of damage-resistant aluminium. The shade is made of transparent glass.

The device is equipped with a sturdy non-slip carrying handle and a rotatable, adjustable stand, giving the user full control over the direction of the light. Both horizontal (360°) and vertical (up and down) adjustment allow for optimal adaptation to specific needs. A non-slip pad on the handle guarantees a secure hold on the device.

The long cable allows the floodlight to be carried freely within 3 metres of the mains power source.

Dimensions are 160x208x180 mm. Housing in black and yellow.

## TECHNICAL DATA

### General information:

Nominal voltage [V]:	230
Lamp type:	LED, niewymienne
Suitable for lamp power [W]:	30
Rated luminous flux according to IEC 62722-2-1 [lm]:	2400
With light source:	tak
Colour temperature [K]:	4000
Beam angle:	Wiązka bardzo szeroka > 80°
Rated life time L70/B50 at 25 °C [h]:	25000
Colour rendering index CRI:	80-89
Energy efficiency class of the built-in lamp:	F
Colour of light:	Neutralny biały
Degree of protection (IP):	IP65
Protection class:	I
Material housing:	Aluminium
Material cover:	Szkło przezroczyste
Colour housing:	Czarny/Żółty
Voltage type:	AC

With connection cord and plug:	tak
The length of the power cord [m]:	3
Width [mm]:	160
Height/depth [mm]:	208
Length [mm]:	180
