PRODUCT DESCRIPTION

Ceiling downlight fixture from the EURUS series is a round light luminaire with a power of 530lm, designed for flush-mounting. You can use it wherever the type of lighting should not disturb your interior design. The luminaire is equipped with a non-replaceable 9W LED light source with a lifespan of up to 25,000 hours. It emits light with a warm color of 3000K. The outer diameter of the luminaire is 115mm. Durable construction and a good degree of tightness (IP20) make this model a universal solution for lighting both in residential, office or exhibition rooms. The luminaire is made of white plastic.
