PRODUCT DESCRIPTION

LED downlight ceiling luminaire with a built-in power supply, designed for surface-mounted installation in indoor spaces such as kitchens, staircases, corridors, basements, garages, etc. The modern SMD LEDs used in the luminaire guarantee high energy efficiency and long life. Material: PMMA + aluminium insert.

TECHNICAL DATA

General information:

Luminous flux:	1700 lm
Rated power:	20 W
Light source:	LED SMD
Degree of protection (IP):	20
Colour temperature:	4000
Nominal voltage:	230V~, 50Hz
Colour:	white
Installation:	surface mounting
Dimensions - depth:	34.5 mm
Dimensions - width:	246,5 mm
Dimensions - height:	246.5 mm
Colour rendering index CRI:	>80
Material:	PMMA
