PRODUCT DESCRIPTION

Square LED downlight luminaire with a built-in power supply, designed for surface mounting in rooms such as kitchens, or in areas like staircases, corridors, basements, garages, etc. Modern SMD LED diodes used in the product guarantee high energy efficiency and long life of the device. The presented wall and ceiling lamp works with rated power of 9W and emits light with luminous flux of 530 lm. It shines in warm color at a temperature of 3000K. This color of light is basically intended for homes because it is warm and pleasant for reading and working, but it does not give the impression of sharp office light. The product is suitable for both

ceiling and wall mounting, and the composition of several such luminaires will create an interesting visual effect, e.g. in the hall or staircase. Material: PMMA + aluminum.

TECHNICAL DATA

General information:

Luminous flux:	530 lm
Rated power:	9 W
Light source:	LED SMD
Degree of protection (IP):	20
Colour temperature:	3000
Nominal voltage:	230V~, 50Hz
Colour:	white
Installation:	surface mounting
Dimensions - depth:	34.5 mm
Dimensions - width:	122 mm
Dimensions - height:	122 mm
Colour rendering index CRI:	>80
Material:	PMMA
