

MEGY DLR GU10 downlight max 50W, IP54, round, black, aluminium

AdvitiMarka: **ADVITI** | Symbol: **AD-OD-6144BGU10** | Ean: **5908254818240**

PRODUCT DESCRIPTION

Surface-mounted downlight is a point light suitable for ceilings. It is round in cross-section and combines minimalism with an innovative design that allows to emphasize the interior elements of residential and commercial spaces. Several such luminaires, placed together at a certain distance, create a very interesting and modern visual effect. Thanks to this product, you can create additional lighting zones that either complement the basic lighting or create a separate cozy atmosphere on its own. The product is suitable for both halogen and LED light sources with a GU10 base (not included), with a maximum power of 50W. This

downlight is made of aluminum and is available in two colors – white or black. Its installation is very simple, and the necessary pins and gaskets are included in the kit. High degree of ingress protection IP54 allows use of this downlight in rooms with increased humidity, such as a kitchen or bathroom.
