

MEGY DLR GU10 downlight max 50W, IP54, round, white, aluminium

AdvitiMarka: **ADVITI** | Symbol: **AD-OD-6144WGU10** | Ean: **5908254819858**

PRODUCT DESCRIPTION

Surface-mounted downlight is a point light suitable for ceilings. It features both, minimalist and innovative design which helps to highlight modern elements of residential and commercial interiors. High ingress protection level IP54 enables installation in areas of increased humidity such as kitchens or bathrooms. The luminaire has a GU10 socket, thanks to which the user himself decides about the power and color of the emitted light. The light source can be replaced. The lamp is small in size and timeless in design. After installing the bulb (not included), the luminaire provides optimal light in living rooms, and in commercial spaces it

properly illuminates the surfaces and allows to highlight exceptional products.
