PRODUCT DESCRIPTION

A single ARTUS LED under-cabinet lamp in grey with 3W and a luminous flux of 225lm. The model emits light with a pleasant neutral colour of 4000K. It has a dimmable touch switch that adjusts the brightness of the light by holding the switch with your hand. The light also has a built-in USB C port (5V 2.4A), so you can easily charge other electrical devices such as your phone or tablet.

The modern design with a luminous surface in the form of a frame is ideal for both residential premises to

illuminate kitchen worktops or shadowy corners of dressing rooms and in commercial interiors to illuminate workspaces. This type of lighting is designed to be mounted to the bottom surface of a shelf or cabinet.

The luminaire has a single through-wiring with a self-locking connector. The power supply is not included.

A single light can be used as an extension to the set. The series includes single lights without an on/off switch, single lights with an on/off switch and USB port, as well as a set of 3 (2x without an on/off switch, 1x with an on/off switch).
