PRODUCT DESCRIPTION

The TEKANO LED 14W mirror light with a luminous flux of 1540lm is not only a functional lighting but also an exceptional decorative element that adds elegance and character to every interior.

TEKANO LED has two parallel arms that emit light in opposite directions and that are fixed on a round base. Although the arms are not adjustable, the lamp may be installed in various manners: vertically, horizontally or at an angle to adjust it to one's own preferences and light needs. The lamp emits light of pleasant neutral

4000K colour.

The mirror light has IP44 ingress protection rate thanks to which may be safely installed in rooms of increased humidity.

The lamp works as illumination of bathroom cabinets, mirrors or paintings. Its unusual shape attracts attention and is an interesting element of interior that creates a cozy atmosphere in every room.

The body is made of high-quality aluminium; therefore, the lamp is resistant to various external factors. The housing is black.

The TEKANO LED measures 120x45x550 mm. Available also in white.
