PRODUCT DESCRIPTION

This garden luminaire, in an aluminium housing, has got a simple yet very interesting shape. It will illuminate a given place or building very well, but also it will give it a modern look. The luminaire is characterized by a high degree of tightness, so it is perfect for building walls, fences, terraces, gazebos or at the entrance to houses or office buildings. The modern SMD LEDs used guarantee high energy efficiency and long life of the device. Howlit has a neatly integrated motion sensor that helps to save electricity, producing lighting only when needed. The luminaire includes a polycarbonate shade in a milky color, thanks to which the light is distributed

evenly.
