PRODUCT DESCRIPTION

The 9W FREZJA LED garden luminaire is an excellent solution for those who want to enrich their surroundings with not only functional but also aesthetic lighting. The luminous flux reaching 750lm together with wide beam angle perfectly enlightens the area, thus making the luminaire perfect for outdoor use.

The universal design of black plastic housing combined with metal lampshade harmoniously blends with diverse architectures, adding character to any environment. The flat structure of the lamp works great even

on small balconies (slightly protrudes from the facade leaving freedom of movement).

The FREZJA LED has IP65 rate. This means that it is dust and moisture resistant ensuring illumination of the property for years. The LED source of light of 4000K colour temperature emits pleasant neutral white light, and the LED technology provides energy efficiency and environmental care.

The dimensions of the facade luminaire measure 160x200x45 mm.
