### PRODUCT DESCRIPTION

DRACO LED step light designed to provide decorative lighting for stairs, corridors, walls, facades or passageways inside rooms. The original design and high-quality stainless steel finish, combined with innovative LED technology, make the fixture suitable for both classic and modern interiors. In addition, this luminaire has been equipped with a PIR motion sensor and a twilight sensor, thanks to which (depending on

the settings) the stair lighting turns on only when it detects movement or when ambient light intensity drops below the set level. The lamp emits light the temperature of which is 3000K. White colour.
