PRODUCT DESCRIPTION

LED staircase luminaire designed to provide decorative lighting to stairways, halls, walls, facades and other indoor traffic areas. The unique design of the luminaire, its fixture made of stainless steel and the use of LED technology make the product suitable for both - classic and modern interiors. In addition, the luminaire has been equipped with a motion sensor and a twilight sensor, thanks to which (depending on the settings) the

staircase lighting will only turn on when it detects movement or when light intensity is sufficiently low.
