PRODUCT DESCRIPTION

TRACO LED NEW step light designed to provide decorative lighting for stairs, corridors, walls, facades or passageways inside rooms. The original design and high-quality finishing in stainless steel, combined with innovative LED technology, make the fixture suitable for both classic and modern interiors. In addition, the luminaire has been equipped with a PIR motion sensor and a twilight sensor, thanks to which (depending on the settings) the step light will only work when it detects movement or when ambient light is insufficient. The lamp emits light the temperature of which is 6000K. Light in this color is cool and closer to daylight. It is worth

installing in places where you need clear light that reflects colors well. Color – satin
