PRODUCT DESCRIPTION

The versatile AVIS II LED light panel, with integrated power supply, can be used, among other things, as a replacement for a traditional incandescent bulb in a luminaire. Thanks to three neodymium magnets, we can attach it to almost any metal surface, and after unscrewing them - on any flat surface. The modern SMD LEDs used guarantee high energy efficiency and a long service life.

TECHNICAL DATA

General information:

Nominal voltage [V]:	230
Lamp power [W]:	12
Voltage type:	AC
Luminous flux [lm]:	1200
Colour rendering index CRI:	80–89
Colour of light according to EN 12464-1:	Neutralna 3300–5300 K
Colour temperature [K]:	4000
Housing colour:	Biały
Beam angle [°]:	170
Dimmable:	nie
Diameter [mm]:	137
Length [mm]:	22
Degree of protection (IP):	IP20
Energy efficiency class according to EU regulation 2019/2015:	F
Average nominal lifespan [h]:	25000
