PRODUCT DESCRIPTION

DC plug with a male connector for the fast installation of single-color LED strips with a voltage of max. 48V. This is a convenient solution for quick connection of the LED strip to the power source. The advantage is the easy installation - the wires coming out of the strip just need to be properly connected to the screw terminals.

By using a DC plug, the LED strip can be connected to a device terminated with a DC socket.

The internal dimensions are 2.1/5.5 mm.

TECHNICAL DATA

General information:

Type of accessory/spare part:	Łącznik
Accessory:	tak
Voltage [V]:	0-48
Type:	Wtyk DC męski
Number of pins:	2
Current max. [A]:	1.28
Compatible with LED strips – width [mm]:	8, 10
Width [mm]:	13
Height/depth [mm]:	11
Length [mm]:	35
