

## Doorbell button, battery-powered, for wireless doorbells, ENGA series, black

Marka: **Virone** | Symbol: **DB-11PD/B** | Ean: **5908254850011**

**ViRONE**

### PRODUCT DESCRIPTION

The battery-operated wireless button to extend ENGA series is a functional and convenient solution that requires no complicated installation. The transmitter can be placed at the door or wicket, and a range of up to 200 m in an open field allows installation at a considerable distance from the building.

The transmitter uses the supplied CR2032 battery. The unit operates on a frequency of 433.92 MHz. The IP44 rate guarantees resistance to dust and moisture, ensuring reliable operation in a variety of weather

conditions. Additional backlighting increases visibility and comfort of use.

Thanks to the learning system, it is possible to add further transmitters and connect them to a single ENGA receiver. Transmitter dimensions: 30x60x15 mm. Black colour.

## TECHNICAL DATA

### General information:

Wireless:	tak
Type of current:	DC
Nominal voltage [V]:	3
Battery - type and quantity :	CR2032
Built-in battery:	tak
Transmitter max. power [mW]:	10
Degree of protection (IP):	IP44
With lighting:	tak
With name plate:	nie
Shape:	Prostokątny
Colour:	Czarny
Material:	Tworzywo sztuczne
Mounting method:	Montaż natynkowy
Width [mm]:	30
Height [mm]:	60
Depth [mm]:	15
