

## PELA AC, wireless battery-powered doorbell, learning system, 60 sounds, LED RGB, 300m, white

Marka: **Virone** | Symbol: **DB-7/W** | Ean: **5908254848940**

### PRODUCT DESCRIPTION

PELA wireless doorbell, white. It is an aesthetic and elegant device that can be extended with further transmitters thanks to a learning system. You may mount the transmitters at several entrances providing convenience in everyday life.

The product is extremely easy to operate - no wired installation required. Simply place the transmitter at the door or at the gate, and the receiver in any socket in the house (range up to 300m in open field).

The upgraded IP44 protection level of outdoor unit means security against rain and dust or difficult weather conditions.

The doorbell has built-in function of 5-step ringer volume control, including complete muting, depending on the user's preferences as well as the option to select a melody from 60 different sounds (including occasional sounds such as Christmas).

The device has 3 signalling modes that allow you to adjust the sound and the light to suit your expectations or to suit the time of the day. One of the modes is a flashing and colour-changing light ring. It catches the eye even when the sound is muted or completely turned off. This solution will work well, for example, during a child's nap. You can also mute the sound and leave only the lighting or switch off the lighting, leaving only the sound. You can also use both forms of signalling at the same time.

Mains powered receiver (230V AC voltage). Battery transmitter, powered by CR2032 battery (battery supplied). The product is made of plastic. White color.

## TECHNICAL DATA

### General information:

<b>Wireless:</b>	tak
<b>Max. transmission range:</b>	300m
<b>Frequency [MHz]:</b>	433.92
<b>Possibility of extension by an additional transmitters:</b>	tak
<b>Other features:</b>	Learning system

### Receiver:

<b>Type of current (receiver):</b>	AC
<b>Nominal voltage [V]:</b>	230
<b>Electricity consumption [W]:</b>	0.15
<b>Number of ringtones:</b>	60
<b>Loudness [dB]:</b>	92
<b>Volume adjustment:</b>	tak
<b>Volume adjustment range [dB]:</b>	0-92
<b>Optical indication:</b>	tak

Mounting method:	Montaż natynkowy
Housing material (receiver):	Tworzywo sztuczne
Colour housing:	Biały
Width (receiver) [mm]:	81
Height (receiver) [mm]:	81
Depth (receiver) [mm]:	51

### Transmitter:

Type of current (transmitter):	DC
Nominal voltage (transmitter):	3V
Battery - type and quantity (transmitter):	1xCR2032
Built-in battery (transmitter):	tak
Transmitter max. power [mW]:	≤10
Degree of protection (IP) (transmitter):	IP44
With lighting:	tak
With name plate:	nie
Housing material (transmitter):	Tworzywo sztuczne
Colour (transmitter):	Biały
Width (transmitter) [mm]:	36
Height (transmitter) [mm]:	66
Depth (transmitter) [mm]:	18
