## PRODUCT DESCRIPTION

ERGO LED desk lamp is a modern solution suitable for both offices and children's or teenager's spaces. Designed with comfort and functionality in mind. The operation of the lamp is intuitive thanks to touch buttons incorporated into the base, which facilitates easy access to all functions.

The desk lamp has two LED non-replaceable sources of light and two adjustable arms. This enables to adjust the light on the working table or desk to your own preferences. The LED diode is energy-efficient. The five-step regulation of colour temperature (3000K-6000K) and brightness adjustment enable to adapt the light to one's own needs and to the surroundings.

ERGO LED is equipped with USB port which facilitates charging of other devices, and with a timer (60 min) with the help of which the light will not be unnecessarily on especially at night. The night light feature is turned on with the help of dedicated button and ensures comfort of use.

The anti-slip base guarantees that the lamp stands stable, whereas simple and elegant design makes the lamp easily blend in multitude of spaces. Height regulation facilitates to precisely adjust the position of the lamp.

Top quality materials, such as plastic used for housing or metal used for lampshade assures durability and aesthetic finish. The lamp's height is 41cm. The 1.5 m cable ends with USB plug. The set does not contain an adapter. Black colour.
