PRODUCT DESCRIPTION

The GANSO desk lamp is a practical lighting solution, perfect for everyday use in spaces such as offices, bedrooms or youth rooms. It effectively illuminates the workspace while working, studying or reading.

The luminaire is suitable for a light bulb with an E27 thread of up to 15W and a voltage of 230V. The light bulb is not included, giving the user the opportunity to choose the light source according to their own preferences.

GANSO has a long and flexible arm that can be freely adjusted in either direction, effectively illuminating the desired area. It is controlled with a switch located on the 3 m long power cable.

The lamp is equipped with a metal clip, which allows for quick installation on countertops with a maximum thickness of 5 cm. The clip optimizes space on the desk and guarantees secure attachment without the risk of the lamp shifting or falling over.

The steel housing ensures durability and an aesthetic design. The lamp is available in white and black.

The dimensions measure: 90x430x130 mm.
