PRODUCT DESCRIPTION

Malta is the simple series of flush mounted switches and sockets. The switches' modern quick-connect mechanism (wires are connected by pushing them directly into the body) provides secure and safe wire installation and removal. The sockets are equipped with traditional screw connections. The internal design of the terminals guarantees secure connection of wires from 0.75 mm² to 2.5 mm². Strong and robust mounting plate grid and special mounting elements enable stable and secure installation in the box.

The doorbell button with illumination adapted to flush mounting, designed to operate a doorbell. It is a type of switch whose function is to activate a bell or chime every time it is pressed. It should be used indoors (IP20).

The product is available in two colors: white and black. Dimensions 81x81x43mm.
