PRODUCT DESCRIPTION

The IP20-rated PVC garden extension cord is a reliable solution for safe and convenient use of electricity in the garden. Made of high-quality PVC, it guarantees durability and weather resistance.

The extension cord will prove useful for connecting lawnmowers, garden hoovers, leaf blowers and many other gardening tools, with a maximum load of up to 2000W. It is equipped with safety shutters for additional protection against accidental shocks.

The extension cord has a flooded socket and plug. It has one French type socket (2P) and a 10 metre long 2x1mm² H03VV-F cable. The robust construction and flexibility of the cables make it easy to store and transport. Orange color.

The extension cord is also available in different cable lengths.
