

## Inspection door 20/30, white

Marka: **Virone** | Symbol: **ID-20/30** | Ean: **5908254823695**

### PRODUCT DESCRIPTION

Inspection door made of high-quality, snow-white ABS plastic. They have a universal design of the flap and frame, so that the opening direction can be changed, if necessary, even when already mounted in the wall. Inspection doors are useful in buildings of various types, both in private homes and public utility buildings. They facilitate access to all installations, for example to water meters, siphons or valves. In addition, they perfectly mask such installations and make the walls look neat. We offer a wide selection of inspection doors of various sizes.
