Marka: **Virone** | Symbol: **LA-11** | Ean: **5908254852480**

PRODUCT DESCRIPTION

Take LED camping lamp with you when you need lightweight and handy lighting. Its compact design and 55g weight make it easy to fit in a backpack, travel bag or car glove compartment. This is a good solution for camping, tents, but also for home use – for example during a power outage.

The lamp emits a warm light with a temperature of 3000 K, which does not dazzle and is conducive to relaxation. It works well in the evening in a tent, under a roof, in a gazebo or on a balcony. You may choose

from three lighting modes: high, low and strobe.

The built-in 500 mAh battery is charged via USB-C port. A full charge takes approximately 2-3 hours and provides up to 1.5-2 hours of light.

The practical handle with a carabiner allows you to hang the lamp in a tent, on a hook, branch or backpack.

The IP42 rating means that the lamp is suitable for use in places protected from direct exposure to rain and moisture.
