PRODUCT DESCRIPTION

The E27 lamp holder is a standard white holder suitable for installation of E27 bulb. It is a popular solution during renovations and upgrades of lighting installations when temporarily lighting solutions, without lampshades or other decorative elements, are required.

Our E27 lamp holders have simple and durable construction. The presented model is equipped with a quick connector which greatly facilitates installation. It requires no tools, thus increasing the comfort of use.

The E27 lamp holders are easy to install and remove, which makes them a universal solution in case of temporary lighting. However, it is worth remembering that they are not intended for permanent use and are not an alternative to the standard lighting.

Available also in a set of 50pcs.
