

LED headlamp, COB + XPE with 1200 mAh battery

Marka: **Virone** | Symbol: **LT-10** | Ean: **5908254827808**

PRODUCT DESCRIPTION

The COB + XPE LED headlamp with a 1200 mAh battery is a choice that provides many functions in a single device. VIRONE headlamp equipped with two types of diodes: LED COB and LED XPE with high efficiency. It has a built-in 1200mAh battery, charged with a popular USB-C socket, which allows it to be charged with a regular phone charger - at home, in the office or from a car charger, without the necessity to take dedicated accessories with you. Full charge takes about 4 hours. The flashlight consists of 40 COB LEDs and a side XPE LED. This is a headlamp model that suits well for active people, cyclists or runners. The flashlight is made of

rubber therefore it is resistant to long-term use, dirt and splashes (IPX4). The headlamp generates a luminous flux of 350 lumens and has 5 lighting modes: • COB LED 100% - 350lm - 2.5h lighting • COB LED 40% - 150lm - 5h lighting • strobe mode - provides 8 hours of battery life • XPE LED 100% - 150lm - 4h lighting • XPE LED 40% - 60lm - 8h lighting Thanks to the used materials and its flexible design, the proposed model of the headlight provides comfort and stability of mounting both - directly on the head and when we wear something, e.g., a hat.

TECHNICAL DATA

General information:

Battery capacity:	1200 mAh
Operating modes:	COB LED 100%, COB LED 40%, strobe mode, XPE LED 100%, XPE LED 40%
Colour temperature:	6000 K
Model:	Headlight
Depth:	22 mm
Weight:	73 g
Equipment:	charging cable
Accumulator:	Yes
Luminous flux:	350 lm
Rated power:	8/10 W
Light source:	LED COB/LED XPE
Type of power supply:	Battery
Battery type:	Built-in battery
With light source:	Yes
Number of working modes:	5
Rechargeable:	Yes
Battery indicator:	No
Material:	Rubber
Degree of protection (IP):	IPX4
Ports:	USB-C

Colour housing:	Black
Width:	32 mm
Length:	300 mm
