

## Tactical LED flashlight, COB 12W with zoom and 2200 mAh battery

**VIRONE**Marka: **Virone** | Symbol: **LT-12** | Ean: **5908254827822**

### PRODUCT DESCRIPTION

COB 12W tactical LED flashlight with zoom and a large 2200 mAh battery – a must-have for fans of solid equipment. This powerful rechargeable flashlight with zoom function is handy and easy to use. Zoom is a function that allows you to precisely adjust the intensity and direction of light. It will be perfect for night field games, but also in more serious situations – such as repairing in hard-to-reach and poorly lit places, combing the terrain, night in the mountains, emergency light and many, many more. The 12W COB LED generates a very bright luminous flux of 500 lumens. Although the flashlight is basically pocket-size, the lifespan of up to

100,000 hours of light and a capacious 2200mAh battery charged with a Micro USB socket make the equipment perfect for professional use. Made of durable and light aluminum, it weighs only 175g. VIRONE flashlight is additionally equipped with a handy wrist loop. A solid construction, resistant to water splashes (IPX3) allows you to use it both indoors and outdoors, without worrying too much about weather conditions. Hand torch, equipped with 5 operation modes: • high • medium • short • strobe mode • SOS (emergency) Provides up to 7 hours of light when fully charged. Thanks to the zoom function, known e.g. from operational police flashlights, it allows you to change the focal angle of the light incidence, from a narrow, intense point of light with a long range to a wide field that allows you to illuminate only the close area. Use our recommendation and get this handy and practical hand torch if you need a reliable "car flashlight" or if you need it "just in case". It will come in handy in professional, intensive use, but it will also last a long time as an element of car or home workshop equipment.

## TECHNICAL DATA

### General information:

<b>Battery capacity:</b>	2200 mAh
<b>Operating modes:</b>	High/medium/low/strobe mode/SOS
<b>Colour temperature:</b>	6000 K
<b>Model:</b>	EDC
<b>Depth:</b>	30 mm
<b>Weight:</b>	175 g
<b>Equipment:</b>	wrist strap
<b>Accumulator:</b>	Yes
<b>Luminous flux:</b>	500 lm
<b>Rated power:</b>	12 W
<b>Light source:</b>	LED COB
<b>Type of power supply:</b>	Battery
<b>Battery type:</b>	Built-in battery
<b>With light source:</b>	Yes
<b>Number of working modes:</b>	5
<b>Rechargeable:</b>	Yes
<b>Battery indicator:</b>	Yes

Colour rendering index CRI:	>80
Lifetime:	100000h
Material:	Aluminium
Activation cycle:	80000
Degree of protection (IP):	IPX3
Ports:	MicroUSB
Impact strength:	IK09
Colour housing:	Black
Width:	50 mm
Length:	150 mm
