

LED headlamp, CREE 3W + 2 red LED diodes

Marka: **Virone** | Symbol: **LT-8** | Ean: **5908254827785**

PRODUCT DESCRIPTION

VIRONE headlamp, with white diodes and two additional red diodes, is another proposal for those who know what to do with their hands and do not want to occupy them with a light source. The model has 5 operating modes: 100% white light, 50% white light, red light, strobe mode, SOS. It is the perfect equipment for hiking, cycling or rollerblading. It will also make it easier for us to go out with our pet when it gets dark. The CREE LED headlamp will also help us during minor repairs, renovation or professional work - in a brief, it will be useful wherever we need light and free hands at the same time. The lighting angle adjustment range is 45°. Flexible,

adjustable tape allows for comfortable use, it is also easy to keep clean. The flashlight itself is also suitable for outdoor use, and it is resistant to water splashes (IPX3). It generates a luminous flux of 70 lumens and is powered by three AAA batteries (not included) – battery life is about 3.5 hours. The flashlight uses 3W LEDs.
