

LED headlamp, COB + CREE with 1200 mAh battery

Marka: **Virone** | Symbol: **LT-9** | Ean: **5908254827792**

ViRONE

PRODUCT DESCRIPTION

The COB + CREE LED headlamp with a 1200 mAh battery is efficient and weather resistant. This type of headlamp is a multifunctional high-power flashlight - it generates a luminous flux of 200 lumens. It is designed for both home and professional use. Thanks to the built-in battery, Virone headlamp allows for long-term and comfortable use, without the need to buy disposable batteries. The flashlight with a powerful 1200mAh battery guarantees a long and reliable source of light. This headlamp is charged via a convenient and popular USB-C port, thanks to which you can freely charge it with a power bank, a regular phone charger or in

the car. Equipped with 10 lighting modes, it will work well both in technical conditions and during recreation. 7 lighting modes of the front module + 3 modes in the rear module ensure versatility of use. It will be useful both in the workshop, during repairs and any garage challenges, construction works or renovation, as well as during hiking outside. It is also perfect for people practicing outdoor sports or for an evening walk with the dog. In addition, the headlamp is equipped with a motion sensor, so nothing will surprise us. Thanks to the telescopic, movable head, the rechargeable flashlight allows you to direct the beam of light exactly where we look, and at a comfortable angle, e.g. not blinding people in front. Splash-proof (IPX4) multifunction torch model.

TECHNICAL DATA

General information:

Battery capacity:	1200 mAh
Operating modes:	Front: spot light; LED COB panel; spot light + diffuse light high; spot light + diffuse light low; spot light + diffuse light, strobe; LED COB panel (red light); LED COB panel (strobe). Back: 8 white diodes, 4 red diodes, 6 white diodes + 4 red diodes (str)
Colour temperature:	6000 K
Model:	Headlight
Depth:	105 mm
Weight:	135 g
Equipment:	charging cable
Luminous flux:	200 lm
Rated power:	3/10 W
Light source:	LED COB/LED CREE
Type of power supply:	Battery
Battery type:	Built-in battery
With light source:	Yes
Number of working modes:	10
Rechargeable:	Yes
Battery indicator:	Yes
Colour rendering index CRI:	>80
Lifetime:	80000h

Material:	Aluminium
Activation cycle:	60000
Degree of protection (IP):	IPX4
Ports:	USB-C
Impact strength:	IK06
Colour housing:	Black
Width:	70 mm
Length:	130 mm
