

Tilting TV wall mount, 32"-55"

Marka: **Virone** | Symbol: **MH-1** | Ean: **5904988907335**

VIRONE

PRODUCT DESCRIPTION

Tilting TV wall mount by VIRONE is a simple and safe solution. A TV with a diagonal of between 32 and 55 inches can be hung on it without any problems. You will find the appropriate screws included to easily mount your TV to the wall.

The TV bracket is compatible with VESA standards, so the hole spacing will be suitable for many variants: VESA 75 - hole spacing 75 mm x 75 mm, VESA 100×100 - hole spacing 100 mm x 100 mm, VESA 200×100 - hole

spacing 200 mm x 100 mm, VESA 200 – hole spacing 200 mm x 200 mm, VESA 300 – hole spacing 300 mm x 300 mm, VESA 400x200 – hole spacing 400 mm x 200 mm, VESA 400x300 – hole spacing 400 mm x 300 mm, VESA 400 – hole spacing 400 mm x 400 mm, and therefore all available combinations in the range 75x75 mm ~ 400x400 mm.

The universal TV wall mount has a load capacity of up to 30kg, is made of robust 1.3mm thick steel and is powder-coated black. Correct installation assumes a distance of 27 mm from the wall, so it will successfully save space even in a small room.

In addition, it has a 0°-10° angle adjustment, which allows you to comfortably position the screen in the position you need. Product weight: 2 kg.
