Marka: Orno | Symbol: OR-AE-13126/G/3M | Ean: 5908254817878

PRODUCT DESCRIPTION

A set containing two sockets, with grounding and safety shutters and a maximum rated power of 2500W, and a USB charger. The sockets are placed in a retractable housing. The device is designed for installation in desks, countertops and tables. Thanks to the very flat and milled edge, the panel looks neatly in each table top and does not make cleaning harder. The sockets can be mounted both vertically and horizontally, making it easier to connect additional devices to the power supply. The socket panel closes and opens after pressing. The set is equipped with a 3m long cable. Available colors: black, silver.
