

Hermetic electrical socket with a windproof junction box, IP55, stainless steel

Marka: Orno | Symbol: OR-AE-1397MB | Ean: 5908254815706

PRODUCT DESCRIPTION

E-type mains socket with grounding and shutters, in a housing with a cover that ensures the socket is splash-proof. The product is sold in a set with a windproof junction box and it is suitable for installation in a standard Ø60 mm opening. The use of such a solution guarantees a high degree of tightness (IP55) both in the external and internal parts of the socket. The product, made of stainless steel, is an elegant and a very attractive solution wherever there is a need to connect additional receivers.

TECHNICAL DATA

General information:

Model:	Built-in
Height:	86 mm
Standard of the socket:	Schuko (type F)
Max. load:	3680 W
Number of socket outlets French standard (Type E):	1
Other features:	IP55, windproof junction box included
Colour:	Stainless steel
Material:	Stainless steel
Frequency:	50 Hz
Degree of protection (IP):	IP55
Hole diameter:	60 mm
Width:	86 mm
Length:	57 mm
