

Double hermetic electrical socket with a windproof junction box, IP55, stainless steel

ORNO

Marka: Orno | Symbol: OR-AE-1398MB | Ean: 5908254815713

PRODUCT DESCRIPTION

Double E-type mains socket with grounding and safety shutters, in a housing with a cover, secured with an additional seal. The product is sold in a set with a windproof junction box. The use of such a solution guarantees a high degree of tightness (IP55) both in the external and internal parts of the socket. The product made of stainless steel is an elegant and very attractive solution wherever there is a need to connect additional receivers.

TECHNICAL DATA

General information:

Model:	Built-in
Height:	86 mm
Standard of the socket:	Schuko (type F)
Max. load:	3680 W
Number of socket outlets French standard (Type E):	2
Other features:	IP55, windproof junction box included
Colour:	Stainless steel
Material:	Stainless steel
Frequency:	50 Hz
Degree of protection (IP):	IP55
Hole diameter:	60 mm
Width:	157 mm
Length:	57 mm
