

## Doorbell button, battery-powered, for wireless doorbells, KALA series, white

Marka: ORNO Home | Symbol: OR-DB-RG-179PD/W | Ean: 5908254850042

### PRODUCT DESCRIPTION

The wireless battery-operated doorbell button to extend KALA AC series does not require wired installation – simply place the transmitter at the door or gate. It is powered by a CR2032 battery, included in the set. Its range in the open field reaches up to 250 m, allowing convenient use even on large properties.

The IP44 rate ensures that the transmitter is resistant to moisture and dust, guaranteeing reliable operation in a variety of weather conditions.

The transmitter is made of durable white plastic and has a backlit facilitating to locate it in the dark. Its dimensions measure 28x86x18 mm.

Thanks to the learning system, it is possible to expand the set with additional transmitters, which may be placed at different entrances, such as the main door, side door or wicket. All the transmitters may be connected to a single receiver.

## TECHNICAL DATA

### General information:

Wireless:	tak
Type of current:	DC
Nominal voltage [V]:	3
Battery - type and quantity :	CR2032
Built-in battery:	tak
Transmitter max. power [mW]:	10
Degree of protection (IP):	IP44
With lighting:	tak
With name plate:	nie
Shape:	Prostokątny
Colour:	Biały
Material:	Tworzywo sztuczne
Mounting method:	Montaż natynkowy
Width [mm]:	28
Height [mm]:	86
Depth [mm]:	18
