

Natural gas sensor 230VAC

Marka: ORNO Home | Symbol: OR-DC-632 | Ean: 5908254817250

PRODUCT DESCRIPTION

OR-DC-632 sensor is a modern natural gas detector for indoor use. It is used for continuous monitoring of the presence and detection of natural gas escaping from the leaks. The device uses a high-quality electrochemical sensor that allows to achieve a high rate of detection. After detecting a gas leak, reaching the set alarm threshold, the detector will emit an acoustic and light signal. Installation approx. 30 cm from the ceiling.

TECHNICAL DATA

General information:

Types of detected threats:	natural gas
Nominal voltage:	230V~, 50Hz
Alarm volume (db):	85
Test button:	Yes
Hush button:	No
Type of power supply:	directly to 230V
Failure indication:	Yes
End of life indication:	Yes
Compliance with standards:	EN 50194-1:2009
Life time of the sensor:	5 years
Dimensions - width:	102 mm
Dimensions - height:	170 mm
Dimensions - depth:	51 mm
Type of sensor:	semiconductor
