

LEKIO, indoor unit, wireless, handset free, black

Marka: ORNO Home | Symbol: OR-DOM-YR-934UD/B | Ean: 5908254846236

PRODUCT DESCRIPTION

The hands-free indoor unit to expand LEKIO set is a perfect solution for single family houses and small companies, which do not have cables run to a wicket. The device works well for those who want to control the entrance to the property.

It is equipped with a battery (1x18650 type), which guarantees a long-lasting operation and simultaneously eliminates the need of running cables to the wicket. The range in the open field is up to 440 m. The 18650 is a

standard battery, so even after many years of use, it can be easily replaced maintaining the full functionality of the doorphone.

The indoor unit is hands-free which significantly increases the comfort of use. The device has also a charging base which may act as a base, or simply as a charger from time to time.

The 38 ring tones and 4 stages of volume control are a great choice to customize the call tone and volume to one's own preferences or to any circumstances.

Despite its simple operation, the indoor unit has a modern design, and its black colour harmonizes with every interior. The dimensions measure 54x130 mm.

The LEKIO set may be expanded up to 4 indoor units.
