

GSM controller to gate control, with USB input, 4G

Marka: **ORNO Home** | Symbol: **OR-GB-458** | Ean: **5908254843754**

PRODUCT DESCRIPTION

The device easily allows remote control of the entrance, opening of doors, entrance gates, wickets, barriers or other devices. Operation by SMS message or telephone call. The dual-band GSM module, which supports 4G (2G and 3G support is planned to be dropped in the future), ensures that the device will be ready for the years to come. With this solution, the device can take advantage of the latest data transmission technologies, providing fast and reliable network access. Thanks to the USB input, the device can also be configured via a PC. Relay output: 10A.

TECHNICAL DATA

General information:

Nominal voltage [VDC]:	12
Max. current[A]:	10
Max. Load [W]:	2300
Door status indication:	Tak
Suitable for collective garages:	Tak
With manual transmitter:	Nie
Height [mm]:	140
Width [mm]:	76
Depth [mm]:	27
Other features:	Programowanie za pomocą PC
USB port:	Tak
Network:	4G
GSM band:	900/1800MHz
