## PRODUCT DESCRIPTION

A set of three sockets with grounding and current circuit protection, connected to a USB charger with the QC 3.0 system, placed in a retractable housing. In addition, the set has an inductive charger that allows convenient, wireless charging of external devices. These sockets are intended for installation in conference tables, office and kitchen table tops. Equipped with a 1.5 m cable. A precise mechanism automatically ejects

the panel with sockets after pressing. Installation only requires a hole with a 10cm diameter.
