

## Recessed furniture socket with flat milled edge and opening mechanism, 3x2P+E (Schuko), 2xNET, 1xHDMI

ORNO

Marka: Orno | Symbol: OR-GM-9038(GS) | Ean: 5908254842443

### PRODUCT DESCRIPTION

A flush-mounted furniture socket with a flat milled edge and opening mechanism, containing three Schuko-type (F-type) sockets with earthing and safety shutters, two RJ45 CAT 5E network sockets and one HDMI 2.0 socket. This configuration makes the socket versatile and ideal for use in the office, conference room, study or even at home.

The socket has a flat milled edge that creates a harmonious composition with the countertop surface. The

device features an innovative opening & closing mechanism (180° rotation) and photo electric protection against closing.

The socket can be mounted both vertically and horizontally. The product is made of high-quality plastic and aluminium and comes in an elegant silver colour. The universal and classic design facilitates everyday use and also looks great.

The socket is also fitted with a standard 1.50 m power cable.

## TECHNICAL DATA

### General information:
