PRODUCT DESCRIPTION

Recessed Ø6cm furniture socket with a sliding cover is not only a practical solution for connecting devices but also an elegant addition to every modern interior. It perfectly works both at home and in the office.

One French-type socket (1x2P+E) with max. load of 3680W and two built-in USB ports (type A+C; 17W) enable to connect three devices at the same time. USB charger output is 5V/3,4A.

The cable 1,9m length ensures smooth installation, and the wire's cross section of H05VV-F3x1mm² guarantees safe operation. The socket is made of high-quality plastic, therefore, is damage resistant, and the aluminium cover protects the socket against dust.

The socket is white, with a round shape (the diameter measures 6cm). It perfectly works in dry rooms, such as offices, studies, conference rooms and living rooms.

Available also in silver or black.
