

## Non-insulated ring terminals, max. section 16mm<sup>2</sup>, ring for M6 screw, 100pcs

Marka: Orno | Symbol: OR-KK-8103/16/8 | Ean: 5908254846717

**ORNO**

### PRODUCT DESCRIPTION

The non-insulated ring terminal is designed for crimping and terminating multicore and flexible cables, ensuring a safe and reliable electrical connection. It has an eyelet suitable for M8 (5/16 inch) screw and a maximum conductor cross-section of 16 mm<sup>2</sup>.

Made of copper and coated with a tin layer, it guarantees high conductivity and corrosion resistance. The thickness of the conductive material measuring 1.2 mm ensures appropriate mechanical resistance.

Complies with EN 60352-2:2006.  
The pack contains 100 pcs.

## TECHNICAL DATA

### General information:

Bolt dimension (metric):	M8
Flange shape:	Oczkowy
Insulation:	nieizolowany
Nominal cross section [mm <sup>2</sup> ]:	16
Thickness of conductive material [mm]:	1.2
Suitable for stranded conductors:	Tak
Suitable for fine strand conductors:	Tak
Material:	Miedź
Surface protection:	Cynowanie
Stud size (imperial):	5/16 cala
Number of pieces in the package [szt.]:	100
Compliance with standards:	EN 60352-2:2006
