

Non-insulated ring terminal, 4mm², M6, 100 pcs.

Marka: Orno | Symbol: OR-KK-8103/4/6 | Ean: 5908254843532

PRODUCT DESCRIPTION

The non-insulated ring terminal is designed for crimping and terminating multicore and flexible cables, ensuring a safe and reliable electrical connection. Its eyelet is suitable for M6 (1/4 inch) screw and a maximum conductor cross-section of 4 mm².

Made of copper and coated with a tin layer, it guarantees high conductivity and corrosion resistance. The thickness of the conductive material measuring 0.8 mm ensures appropriate mechanical resistance.

Complies with EN 60352-2:2006.
The pack contains 100 pcs.

TECHNICAL DATA

General information:

Bolt dimension (metric):	M6
Flange shape:	Oczkowy
Insulation:	nieizolowany
Nominal cross section [mm ²]:	4
Thickness of conductive material [mm]:	0.8
Suitable for stranded conductors:	Tak
Suitable for fine strand conductors:	Tak
Material:	Miedź
Surface protection:	Cynowanie
Stud size (imperial):	1/4 cala
Number of pieces in the package [szt.]:	100
Compliance with standards:	EN 60352-2:2006
