

Insulated butt joint, max. section 6mm², 100pcs

Marka: Orno | Symbol: OR-KK-8109/6 | Ean: 5908254846786

ORNO

PRODUCT DESCRIPTION

The insulated butt joint is designed for permanent connection of multicore and flexible cables, ensuring a safe and reliable electrical connection.

Made of copper and coated with a tin layer, it guarantees high conductivity and corrosion resistance. The PVC insulation in yellow increases protection against mechanical damage and external factors.

The nominal cross-section of the conductor is 6 mm² and the thickness of the conductive material is 0.8 mm.
The total length of the butt joint is 25mm.

Complies with EN 60352-2:2006.
The pack contains 100 pcs.

TECHNICAL DATA

General information:

Flange shape:	Mufa zaciskowa
Insulation:	Polichlorek winylu (PVC)
Colour insulation:	Żółty
Nominal cross section [mm ²]:	6
Thickness of conductive material [mm]:	0.8
Suitable for stranded conductors:	Tak
Suitable for fine strand conductors:	Tak
Material:	Miedź
Surface protection:	Cynowanie
Total length [mm]:	25
Number of pieces in the package [szt.]:	100
Compliance with standards:	EN 60352-2:2006
