

Butt joint with heat shrink insulation, max. section 6mm², 100pcs

Marka: Orno | Symbol: OR-KK-8110/6 | Ean: 5908254846816

ORNO

PRODUCT DESCRIPTION

The insulated butt joint is designed for permanent connection of multicore and flexible cables, ensuring a safe and reliable electrical connection.

Made of copper and coated with a tin layer, it guarantees high conductivity and corrosion resistance. The yellow polyethylene (PE) heat-shrinkable insulation enhances protection against mechanical damage and external factors.

The nominal cross-section of the conductor is 6 mm² and the thickness of the conductive material is 1 mm.

Complies with EN 60352-2:2006.

The pack contains 100 pcs.

TECHNICAL DATA

General information:

Flange shape:	Mufa zaciskowa
Insulation:	Polietylen (PE)
Colour insulation:	Żółty
Nominal cross section [mm ²]:	6
Thickness of conductive material [mm]:	1
Suitable for stranded conductors:	Tak
Suitable for fine strand conductors:	Tak
Material:	Miedź
Surface protection:	Cynowanie
Number of pieces in the package [szt.]:	100
Compliance with standards:	EN 60352-2:2006
