

Surface-mounted single-pole switch ToDo IP20, black, 10pcs

Marka: Orno | Symbol: OR-OE-7200/B/10 | Ean: 5908254828171

PRODUCT DESCRIPTION

The ToDo series provides simple solutions adapted both for home and professional real estate development use. It is a basic series of electrical equipment accessories which, thanks to its thoughtful and simple design, can be applied in a variety of uses in any kind of building. Good quality material ensures high protection against UV light as well as mechanical damage. The ToDo switch is also easy to keep clean. The unique black colour means that it will fit in particularly well with fashionable loft interiors and avant-garde décor, but it will not fail to impress with classic elegance either. Its small size will allow it to be installed even in hard-to-reach

places, inaccessible to traditional fixtures, or small rooms with atypical shapes. In addition, special perforations and weakenings allow the cable hole to be easily broken in the right place. Thanks to IP20 protection degree it can be used safely for a long time. The single-pole switch is adapted to surface mounting and will be a good solution wherever we need a single light or electricity source control. If you're looking for reasonable solutions offered in a good price – check also other products within the series. The switch is in black color version, 10pcs. package.
