PRODUCT DESCRIPTION

ToDo series combines simple solutions suitable for domestic and professional use. It is a basic electrical equipment series applied in every building thanks to thought-out and simple design. You may use ToDo in service rooms and offices, but also in private residences or flats.

It is aesthetic and minimalistic. Premium quality materials ensure high resistance to UV radiation and mechanical damages.

French type of ToDo double socket (2x2P+E) is convenient even during self-assembly and is easy to clean. Additionally, it has many entries to run cables easily from any direction: from the top, bottom and even from the behind. Simply broke the cable opening with the help of special perforations.

IP20 ingress protection rate ensures save and long-lasting usage.

The electrical socket is surface mounted and suitable wherever a convenient and save power source is needed.

White colour. Set of 10 pcs. The series includes single sockets and switches too. Available also in black and out of the set.
